Tournament Format

- Round Robin Round: Each team will play 3 games.
- Single Elimination Round: The 8 teams from the round robin round will advance and each team will be seeded based on their round robin record. Seeding ties will be broken by the district +/-13 point system.
- Each possession will start at the 35-yard line going in.
- Coaches will decide prior to game who will be on offense first (flip coin, rock/paper/scissors, mutual agreement)
- Each game will be 20 minutes followed by a 10-15 minute break
- There will be no running the ball or blocking offensively.
- Games will be played with one hand touch, below the neck.
- The quarterback will have 4 seconds to throw the ball or else the play will be whistled dead and it will be a loss of down. **Offensive coaches will be asked to self officiate this.**
- Possession will change after each score, turnover on downs, and interceptions.
- The field will be divided into two sections you will have 3 plays to cross the 20 and receive a first down. Once you cross the 20 you will have 4 plays to score.
- TD's are worth 6 points. After a score teams will have the option to go for 1 from the 5 yard line or 2 from the 10 yard line.
- Interceptions will be worth 2 points
- Tie Break: Each team will receive one play from the 5-yard line. If neither team scores nor both score overtime will continue.
- 3-3 Teams may play with 3 LB's but one will have to take a knee at the LOS during the play
- Unsportsmanlike Conduct will result in expulsion from the remainder of the game and rest of the day's competition.
- ***Pass interference. Blatant infractions will be a 10-yard penalty and automatic first down. Defensive coaches will be asked to self-officiate this.***
- ***Each school will be required to self officiate. They will spot the ball and give a 4 second count for the QB to hear while they are on offense. Also, it would be helpful if each coach brought a whistle to blow plays dead.***
- After each game text result/score to: **(417)838-7438**
